*Dates that change each year

9 There are nine public holidays in Ireland each year. A public holiday may commemorate a national event or a special day, and is also called a Bank Holiday. Most businesses and schools close on these days were others operate restricted schedules.

Easter Monday is determined by the full moon and generally speaking, should fall on the first Sunday after the first full moon, either occurring on or after the 21st of March. The latest date for is Easter is the 25th of April in any given year.
