

STAR Transit XV Features and Pricing

STAR Transit XV is available in 5 distinct versions depending on your translation requirements.

****All pricing is in euro ex Vat**

Transit XV Enterprise: Euro 5290 per seat

Transit XV Enterprise is the top of the range system used by translation agencies.

Enterprise includes all file filters with the exception of XGATE and delivers a complete solution for the agency or LSP in terms of translation memory management, translation project management and terminology management.

Transit Professional: Euro 1755 per seat

The ultimate solution for project managers and experienced users. This version is aimed at project managers who work on multiple projects, or senior translators who may want to manage a number of translators. Out of the box Transit Professional covers all the leading file formats such as Excel, Word and PowerPoint. *Additional filters can be purchased as required. – See Filters*

Transit Workstation: Euro 710 per seat

For translators who work as part of a team and are looked after by a project leader. This version provides the full editing and translation power of Transit for the translator.

Transit SMART: Euro 875 per seat

The ideal cost-effective solution for the freelance translator working independently on small and medium sized projects.

Transit Satellite PE: Free

The ideal starter version Transit Satellite PE is a free cut down version of the STAR Transit software for freelance translators or LSP just starting off on their first projects with Transit. It allows you to just translate projects sent from a project manager using Transit and return them. Once you have become acquainted with your new translation process we recommend you purchase the WorkStation version for additional features such as concordance searching, multiple file translation, spellchecking etc.

Transit XV File Filters:

Transit can also be extended for translation of other file formats by adding on our powerful file filters.

Adobe Indesign	Euro 1,050
FrameMaker	Euro 745
PageMaker	Euro 745
Interleaf/QuickSilver	Euro 745
Quark Xpress (XGATE Filter)	Euro 1,050
AutoCAD DXF	Euro 1,050
